

1. Record Nr.	UNINA9910702003503321
Autore	Frink Neal T
Titolo	Reacting multi-species gas capability for USM3D flow solver [[electronic resource] /] / Neal T. Frink and David M. Schuster
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2012]
Descrizione fisica	1 online resource (78 pages) : color illustrations
Collana	NASA/TM ; ; 2012-217575
Altri autori (Persone)	SchusterD. M (David M.)
Soggetti	Navier-Stokes equation Safety Launch vehicles Gas flow High temperature gases Temperature effects Jet impingement Ares 1 launch vehicle
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Sept. 18, 2012). "May 2012." "NASA Engineering and Safety Center." "NESC-RP-07-037."
Nota di bibliografia	Includes bibliographical references (page 47).
