

1. Record Nr.	UNINA9910702094303321
Autore	Nemeth Michael P.
Titolo	The exact solution for linear thermoelastic axisymmetric deformations of generally laminated circular cylindrical shells // Michael P. Nemeth and Marc R. Schultz
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2012]
Descrizione fisica	1 online resource (99 pages) : color illustrations
Collana	[NASA technical paper] ; ; NASA/TP 2012-217342
Soggetti	Anisotropy Cylindrical shells Boundary conditions Composite structures Surface temperature Temperature distribution Thermoelasticity Laminates Axial strain
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Jan. 31, 2013). "February 2012."
Nota di bibliografia	Includes bibliographical references (pages 50-52).
