Accompanied by transcript in PDF format.
Sommario/riassunto	In a question-and-answer format between an Everyman and a CDC spokesman, defines the relationship of HIV and AIDs, current infection and death rates, and vulnerable populations. In layperson's terms, covers activities by which the virus can and cannot be transmitted, and

methods of prevention, detection, and treatment. Provides a referral to CDC's online service, [www.HIVtest.org](http://www.HIVtest.org), for National HIV and STD testing resources.
