

1. Record Nr.	UNINA9910702211703321
Autore	Lakshmanan Balakrishnan <1957->
Titolo	Numerical study of three-dimensional separation and flow control at a wing-body junction [[electronic resource]] : progress report for the period ended April 30, 1989 // by Balakrishnan Lakshmanan, Robert L. Ash, principal investigator ; prepared for National Aeronautics and Space Administration, Langley Research Center ; submitted by the Old Dominion University Research Foundation
Pubbl/distr/stampa	Norfolk, Va. : , : Department of Mechanical Engineering and Mechanics, College of Engineering and Technology, Old Dominion University Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [1989]
Descrizione fisica	1 online resource (xiv, 197 pages) : illustrations
Collana	[NASA contractor report ; ; NASA-CR-185819]
Altri autori (Persone)	AshRobert L
Soggetti	Aerodynamics Aircraft configurations Flow theory Fuselages Separated flow Wings
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Nov. 8, 2012). "August 1989."
Nota di bibliografia	Includes bibliographical references (pages 190-194).
