

1. Record Nr.	UNINA9910702230703321
Autore	Bell James H
Titolo	Design and calibration of the mixing layer and wind tunnel [[electronic resource] /] / by James H. Bell and Rabindra D. Mehta
Pubbl/distr/stampa	[Stanford, CA] : , : Joint Institute for Aeronautics and Acoustics, National Aeronautics and Space Administration, Ames Research Center, Stanford University, , [1989]
Descrizione fisica	1 online resource (20 pages, 14 unnumbered pages) : illustrations
Collana	[NASA contractor report ; ; NASA-CR-185472] JIAA-TR ; ; 89
Altri autori (Persone)	MehtaR. D
Soggetti	Equipment specifications Flow distribution Mixing layers (fluids) Shear layers Wind tunnel apparatus Wind tunnels
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Nov. 2, 2012). "May 1989." At head of title: Joint Institute for Aeronautics and Acoustics, National Aeronautics and Space Administration, Ames Research Center, Stanford University.
Nota di bibliografia	Includes bibliographical references (pages 18-20).
