

1. Record Nr.	UNINA9910702342603321
Autore	Blosser Max L
Titolo	Analysis and sizing for transient thermal heating of insulated aerospace vehicle structures // Max L. Blosser
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , 2012
Descrizione fisica	1 online resource (50 pages) : color illustrations
Collana	NASA/TP ; ; 2012-217595
Soggetti	Aerospace vehicles Insulation Transient heating Aircraft structures Transient response Mathematical models Hypersonic vehicles Size (dimensions)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Dec. 26, 2012). "August 2012."
Nota di bibliografia	Includes bibliographical references (pages 44-45).
