

1. Record Nr.	UNINA9910702347703321
Autore	Coleman T. L (Tommy L.)
Titolo	Development of remote sensing techniques capable of delineating soils as an aid to soil survey [[electronic resource]] : final report // principal investigators, T. L. Coleman, O. L. Montgomery
Pubbl/distr/stampa	NSTL, Miss. : , : National Aeronautics and Space Administration, National Space Technology Laboratories, , [1988]
Descrizione fisica	1 online resource (iii, 23 pages) : illustrations
Collana	[NASA contractor report ; ; NASA-CR-182610]
Altri autori (Persone)	MontgomeryOscar L. <1949->
Soggetti	Remote sensing Soil mapping Soils Spectral methods Spectrum analysis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Dec. 6, 2012). ACARS contract report 123187
Nota di bibliografia	Includes bibliographical references (pages 22-23).
