Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910702452503321
Autore	Fidell S. A (Sanford A.)
Titolo	Pilot test of a novel method for assessing community response to low-amplitude sonic booms // Sanford Fidell, Richard D. Horonjeff, Michael Harris
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2012]
Descrizione fisica	1 online resource (69 pages) : color illustrations
Collana	[NASA contractor report] ; ; NASA-CR 2012-217767
Soggetti	Noise measurement Sonic booms Random sampling
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Jan. 31, 2013). "September 2012."
Nota di bibliografia	Includes bibliographical references (page 49).

3. Record Nr.	UNINA9910595076003321
Autore	Zhao Yang
Titolo	Precision Poultry Farming
Pubbl/distr/stampa	Basel, : MDPI - Multidisciplinary Digital Publishing Institute, 2022
Descrizione fisica	1 electronic resource (176 p.)
Soggetti	Research & information: general Biology, life sciences Animals & society Research and information: general Animals and society
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book presents the latest advances in applications of continuous, objective, and automated sensing technologies and computer tools for sustainable and efficient poultry production, and it offers solutions to the poultry industry to address challenges in terms of poultry management, the environment, nutrition, automation and robotics, health, welfare assessment, behavior monitoring, waste management, etc. The reader will find original research papers that address, on a global scale, the sustainability and efficiency of the poultry industry and explore the above-mentioned areas through applications of PPF solutions in poultry meat and egg production
