

1. Record Nr.	UNINA9910702677303321
Autore	Nast T. C.
Titolo	Investigation of a para-ortho hydrogen reactor for application to spacecraft sensor cooling // by T.C. Nast
Pubbl/distr/stampa	Palo Alto, California : , : Lockheed Palo Alto Research Laboratories, Lockheed Missiles & Space Company, Inc. Greenbelt, MD : , : Goddard Space Flight Center, , January 1983
Descrizione fisica	1 online resource (iv pages, 41 unnumbered pages) : illustrations
Collana	NASA CR ; ; 175131
Soggetti	Adiabatic conditions Catalytic activity Chemical equilibrium Cooling systems Heat exchangers Reaction kinetics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Sept. 24, 2014). "January 1983."
Nota di bibliografia	Includes bibliographical references (pages [40-41]).
