

1. Record Nr.	UNINA9910702683603321
Titolo	The effects of ultra-low sulfur gasoline on emissions from tier 2 vehicles in the in-use fleet : final report / / Assessment and Standards Division, Office of Transportation and Air Quality, U.S. Environmental Protection Agency
Pubbl/distr/stampa	[Washington, DC] : , : U.S. Environmental Protection Agency, Office of Transportation and Air Quality, Assessment and Standards Division, , 2014
Descrizione fisica	1 online resource (64 pages) : color illustrations
Soggetti	Sulfur Petroleum - Sulfur content Automobiles - Motors - Exhaust gas
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from PDF title page (viewed on October 9, 2014). "March 2014." "EPA-420-R-14-002."
Nota di bibliografia	Includes bibliographical references (pages 62-64).
Nota di contenuto	Final report -- appendix A. Details of on-road mileage accumulation route -- appendix B. Emission concentration plots -- appendix C. Additional information on emission measurements -- appendix D. Discussion of univariate and multivariate analysis of variance -- appendix E. Plots of all pollutants and bags -- appendix F. Sensitivity analysis of influential vehicles.
