

1. Record Nr.	UNINA9910702700203321
Autore	Liechty Derek Shane
Titolo	Extension of a kinetic approach to chemical reactions to electronic energy levels and reactions involving charged species with application to DSMC simulations // Derek Shane Liechty
Pubbl/distr/stampa	Hampton, Virginia : , : National Aeronautics and Space Administration, Langley Research Center, , April 2014
Descrizione fisica	1 online resource (xiii, 123 pages) : color illustrations
Collana	NASA/TP ; ; 2014-218254
Soggetti	Computational fluid dynamics Kinetic theory Charged particles Nonequilibrium radiation Monte Carlo method Knudsen flow
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed March 12, 2015). "April 2014."
Nota di bibliografia	Includes bibliographical references (pages 74-81).
