

1. Record Nr.	UNINA9910702856503321
Autore	Myers Daryl
Titolo	Comparison of historical satellite-based estimates of solar radiation resources with recent rotating shadowband radiometer measurements [[electronic resource] ] : preprint // D.R. Myers
Pubbl/distr/stampa	[Golden, Colo.] : , : National Renewable Energy Laboratory, , [2009]
Descrizione fisica	8 pages : digital, PDF file
Collana	Conference paper ; ; NREL/CP-550-45375
Soggetti	Radiometers Radiation - Measurement Solar radiation - Databases Conference papers and proceedings.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Apr. 13, 2009). "March 2009." "Contract no. DE-AC36-08-GO28308." "To be presented at the American Solar Energy Society Annual Conference, Buffalo, New York, May 11-16, 2009."
