

1. Record Nr.	UNINA9910702928403321
Titolo	Delta human nutrition research ... annual report
Pubbl/distr/stampa	[Washington, D.C.], : U.S. Dept. of Agriculture, Agricultural Research Service
ISSN	2156-1435
Descrizione fisica	: HTML files
Disciplina	616.39806
Soggetti	Obesity - Treatment - Mississippi - Delta (Region) Overweight persons - Nutrition - Mississippi - Delta (Region) Overweight persons - Health and hygiene - Mississippi - Delta (Region) Obesity - Treatment Overweight persons - Health and hygiene Periodicals. Mississippi Delta (Region)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	"The objective of this project is to develop physical activity and nutrition intervention strategies for reducing obesity in Lower Mississippi Delta populations by identifying and critically evaluating existing interventions designed to motivate individuals and/or communities to change eating and physical activity behaviors for optimal weight and health. Evaluations and interventions will target especially high risk-ethnic and socio-economic groups of the region's population."
