

1. Record Nr.	UNINA9910703002203321
Autore	Decker Stephen Robert
Titolo	High throughput pretreatment and enzyme hydrolysis of biomass [[electronic resource]] : screening recalcitrance in large sample populations / / presented by Stephen R. Decker
Pubbl/distr/stampa	[Golden, Colo.] : , : National Renewable Energy Laboratory [Oak Ridge, Tenn.?] : , : BioEnergy Science Center, , [2010]
Descrizione fisica	1 online resource (20 unnumbered slides) : color illustrations, color map
Collana	NREL/PR ; ; 2700-49599
Soggetti	Biomass conversion - Data processing Biomass - Combustion
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Jan. 27, 2011). "1st International Conference on Lignocellulosic Ethanol, Copenhagen, Denmark, October 13-15, 2010."
Nota di bibliografia	Includes bibliographical references (page [20]).
