

1. Record Nr.	UNINA9910703609903321
Autore	Dykes Katherine
Titolo	Introducing WISDEM : an integrated system model of wind turbines and plants / / Katherine Dykes [and nine others]
Pubbl/distr/stampa	[Golden, Colo.] : , : National Renewable Energy Laboratory, , [2014]
Descrizione fisica	1 online resource (18 pages) : color illustrations
Collana	NREL/PR ; ; 5000-63564
Soggetti	Wind turbines - Design and construction Wind power plants
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"January 14, 2015." "Third Wind Energy Systems Engineering Workshop, Boulder, Colorado." Title from title screen (viewed on May 14, 2015).

2. Record Nr.	UNINA9910639986103321
Autore	Green Joel
Titolo	The Future of New Testament Theology
Pubbl/distr/stampa	Basel, : MDPI - Multidisciplinary Digital Publishing Institute, 2022
ISBN	3-0365-5012-7
Descrizione fisica	1 electronic resource (210 p.)
Soggetti	Religion & beliefs
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>This collection of essays appears at the confluence of two major streams—the flowering of the “biblical theology movement” in a range of New Testament theologies published in the past two or three decades and the recent emergence of significant contributions to reflection on and the practice of theological interpretation of the Bible. To some, these two interests overlap enough to parade them under a single banner. To others, these are disparate approaches that draw on and display competing methodological commitments. Seasoned scholars and relative newcomers to the conversation orient readers to these concerns, not so much to resolve these differences but to explore them with an eye to the future of theological work with the New Testament.</p>
