

1. Record Nr.	UNINA9910703627803321
Autore	Durston D. A.
Titolo	Experimental and computational sonic boom assessment of Boeing N+2 low boom models / / Donald A. Durston [and five others]
Pubbl/distr/stampa	Moffett Field, California : , : National Aeronautics and Space Administration, Ames Research Center, , February 2015
Descrizione fisica	1 online resource (xi, 146 pages) : color illustrations
Collana	NASA/TP ; ; 2015-218482
Soggetti	Computational fluid dynamics Pressure measurement Sonic booms Supersonic test apparatus Supersonic wind tunnels
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed May 5, 2015). "February 2015."
Nota di bibliografia	Includes bibliographical references (pages 138-141).
