

1. Record Nr.	UNINA9910703719103321
Autore	Wang Jy-An
Titolo	Mechanical fatigue testing of high-burnup fuel for transportation applications // prepared by Jy-An Wang and Hong Wang
Pubbl/distr/stampa	Washington, D.C. : , : United States Nuclear Regulatory Commission, Office of Nuclear Regulatory Research, , May 2015
Descrizione fisica	1 online resource (169 unnumbered pages) : color illustrations
Soggetti	Fuel burnup (Nuclear engineering) Spent reactor fuels - Transportation Fracture mechanics Nuclear fuels
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on June 10, 2015). "Manuscript completed: August 2014; Date published: May 2015." "NUREG/CR-7198." "ORNL/TM-2014/214."
Nota di bibliografia	Includes bibliographical references (page 57).
