Sommario/riassunto	A sizzling paranormal romance in "a supernatural world that's smart, sexy, and sophisticated" --Kerrelyn Sparks, <i>New York Times</i> -bestselling author of <i>The Vampire and the Virgin</i> <i>The Caribbean: home to crystalline beaches, scorching passions, and . . . a twisted power hell-bent on destruction?</i> Whales don't just vanish from the ocean, but marine biologist Lex Durand saw one do just that. With years of research at stake and driven by the imperatives of her telepathic bloodline, she seeks the help of scientist-in-hiding Bodie Flynn, a man with psychic abilities equal to her own . . .The last person Bodie wants in his life is the Durand Tech heiress, the sister of the man who ruined him. But the disappearance of Lex's whales could be related to the bizarre energy shifts he's been studying in the Caribbean. He doesn't trust Lex, but he needs her data, and isn't above using her to get it. As the dangerous force behind the changing seas becomes deadly, Lex and Bodie must put aside their personal agendas to track down a powerful foe. But when their attraction reaches a boiling point, facing their feelings may prove the hardest battle yet. "Sexy, suspenseful and fresh. Lark Brennan is a fabulous new voice in romance" --Sophie Jordan, <i>New York Times</i> -bestselling author of <i>This Scot of Mine</i>
