Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"Scales on War is a collection of ideas, concepts, and observations about contemporary war taken from over thirty years of research, writing, and personal experience by retired Maj. Gen. Bob Scales. Each chapter addresses a distinct topic facing the upcoming prospects of America's military, including tactical ground warfare, future gazing, the draft, and the role of women in the infantry. Fusing all of these topics together is Scales' belief that, throughout its history, the United States has favored a technological approach to fighting its wars and has neglected its ground forces."--Provided by publisher.
