

1. Record Nr.	UNINA9910704630803321
Autore	Denholm P (Paul)
Titolo	An analysis of concentrating solar power with thermal energy storage in a California 33% renewable scenario (report summary) // Paul Denholm [and three others]
Pubbl/distr/stampa	[Golden, Colo.] : , : National Renewable Energy Laboratory, , March 2013
Descrizione fisica	1 online resource (29 pages) : color illustrations, color maps
Collana	NREL/PR ; ; 6A20-58470
Soggetti	Solar concentrators - Research Energy storage - Research Solar thermal energy - Research Distributed resources (Electric utilities)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"March 2013." Slideshow presentation.
