

1. Record Nr.	UNINA9910704921003321
Autore	Campanella S. Joseph
Titolo	Onboard processing satellite network architecture and control study // prepared by S. Joseph Campanella, Benjamin A. Pontano and Harvey Chalmers
Pubbl/distr/stampa	Clarksburg, Maryland : , : Comsat Laboratories Cleveland, OH : , : NASA Lewis Research Center, , [1987]
Descrizione fisica	1 online resource (206 unnumbered pages) : illustrations
Collana	Contractor report ; ; 180817
Soggetti	Architecture (computers) Frequency division multiple access Onboard data processing Packet switching Time division multiple access Time division multiplexing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Dec. 18, 2013). "June 1987."
Nota di bibliografia	Includes bibliographical references (pages [194-195]).
