

1. Record Nr.	UNINA9910705369503321
Autore	Baker Robert
Titolo	A fault injection experiment using the airtlab diagnostic emulation facility // Robert Baker, Scott Mangum, and Charlotte Scheper
Pubbl/distr/stampa	Research Triangle Park, North Carolina : , : Center for Digital Systems Research, Research Triangle Institute Hampton, Virginia : , : National Aeronautics and Space Administration, Langley Research Center, , 1988
Descrizione fisica	1 online resource (iii, 124 pages) : illustrations
Collana	NASA contractor report ; ; 178390
Soggetti	Computerized simulation Fault tolerance Flight control Logic circuits Reliability analysis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Apr. 30, 2014). "March 1988."
Nota di bibliografia	Includes bibliographical references (page 76).
