Sommario/riassunto	Der institutionalisierte Einbezug der Freien Wohlfahrtspflege in die staatliche Sozialpolitik ist nicht nur eine Besonderheit des politischen Systems in Deutschland, sondern wird auch als Erfolgsmodell begriffen. Die vorliegende Studie untersucht soziale Dienstleistungen, die von Migrantenorganisationen erbracht werden, hinsichtlich ihres Umfangs, ihrer Qualität und der Bedingungen der Angebotserbringung. The institutionalized inclusion of the Freie Wohlfahrtspflege in state social policy is not only a special feature of the political system in Germany, but is also seen as a model of success. This study examines social services provided by migrant organizations in terms of their scope, quality, and the conditions of provision.
