

1. Record Nr.	UNINA9910705793003321
Autore	Moloney Padraig G.
Titolo	Application of conductive carbon nanotube fibers and composites : gas sensor // Padraig G. Moloney and Enrique V. Barrera ; prepared by Dept. of Mechanics and Materials Science, Rice University
Pubbl/distr/stampa	Aberdeen Proving Ground, MD : , : Army Research Laboratory, , 2013
Descrizione fisica	1 online resource (iv, 29 pages) : illustrations (mostly color)
Soggetti	Carbon nanotubes - United States Nanocomposites (Materials) - United States Nerve gases - United States Chemical detectors - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"ARL-CR-0714." "May 2013."
Nota di bibliografia	Includes bibliographical references (13-23 pages).
