

1. Record Nr.	UNINA9910705868503321
Autore	Weislogel Mark M.
Titolo	Effect of gravity on surface tension / / M.M. Weislogel, M.O.J. Azzam and J.A. Mann
Pubbl/distr/stampa	Cleveland, Ohio : , : National Aeronautics and Space Administration, Lewis Research Center, , April 1998
Descrizione fisica	1 online resource (3 pages) : illustrations
Collana	NASA/TM ; ; 1998-207915
Soggetti	Liquid-vapor interfaces Gravitational effects Interfacial tension Spectroscopy Weightlessness
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"April 1998." "Performing organization: National Aeronautics and Space Administration, Lewis Research Center"--Report documentation page.
Nota di bibliografia	Includes bibliographical references (page 2).

2. Record Nr.	UNISA996383763103316
Titolo	The confession of faith [[electronic resource]] : and the larger and shorter catechisms. First agreed upon by the Assembly of Divines at Westminster. And now appointed by the General Assembly of the Kirk of Scotland, to be a part of uniformity in religion between the Kirks of Christ in the three kingdoms. Together with the direction of the General Assembly concerning secret and private worship : and the summe of saving knowledge with the practical use thereof
Pubbl/distr/stampa	Glasgow, : Printed by Robert Sanders, one of His Majesties Printers and are to be sold in his shop, 1687
Descrizione fisica	246 p
Soggetti	Presbyterianism - Scotland Scotland Church history 17th century
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Irregular pagination: pages 98-99 wrongly numbered 68-69. Reproduction of original in: British Library.
Sommario/riassunto	eebo-0018

3. Record Nr.	UNINA9910349511803321
Autore	Tantra Ratna
Titolo	A Survival Guide for Research Scientists // by Ratna Tantra
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-05435-7
Edizione	[1st ed. 2019.]
Descrizione fisica	1 online resource (234 pages)
Disciplina	509.22 502.3
Soggetti	Nanotechnology Chemistry Magnetism Magnetic materials Nanochemistry Chemical engineering Mechanical engineering Popular Science in Chemistry and Materials Magnetism, Magnetic Materials Industrial Chemistry/Chemical Engineering Mechanical Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Section 1: Introduction: Chapter 1: Looking After Yourself -- Chapter 2: Looking After Your Career -- Section 2: In the Laboratory: Chapter 3: Literature Review -- Chapter 4: Health and Safety -- Chapter 5: Experimental Design -- Chapter 6: Best Practice -- Section 3: Writing: Chapter 7: Peer Review Publications -- Chapter 8: Reports -- Chapter 9: Bid Proposals -- Chapter 10: How to Write -- Chapter 11: How to Edit -- Section 4: Your Interactions with the Outside World: Chapter 12: Meetings -- Chapter 13: Presentations -- Chapter 14: Networking -- Chapter 15: Dealing with Difficult People -- Chapter 16: Project Management -- Chapter 17: Curriculum Vitae -- Chapter 18: Interviews -- Chapter 19: Redundancy -- Chapter 20: Redundancy.

The ultimate companion book that will look after you and your research career Research scientists play a pivotal role in society. Their passion for science will drive them forward, leading to new discoveries that will ultimately make the world a better place. Unfortunately, as the professional environment becomes more and more competitive, research scientists today cannot just rely on technical knowledge to carve successful careers. Besides technical skills, they will need to acquire other skills, such as how to communicate their science to the outside world. A Survival Guide for Research Scientists is a one-stop-shop that will help you to develop those core skills not often taught at school or university. The book has been written by an author with more than 20 years of scientific research experience (across different scientific disciplines). She has not only been a research scientist but also a writer, a consultant, a sole-trader and a project manager. A Survival Guide for Research Scientists takes on a holistic approach in order to help you pave the way for success. As such, it features practical guidelines on how to:

- conduct your scientific research (how to: do literature review, design experiments, adopt best practice, ensure health and safety, etc.).
- write and edit (reports, bid proposals, peer review publications, etc.).
- interact with the outside world (be a team leader, manage a project, network, deal with difficult people, do presentations, organise meetings, etc.).
- look after your career (and get your dream job).
- look after yourself (and how to manage stress).
- look for a job (develop your CV, prepare for interviews, etc.).
- become self-employed (and achieve business success).
- deal with redundancy (and move forward in life, etc).

Whatever your scientific background may be, this book is the perfect accompaniment, to guide you at every stage of your career.
