

1. Record Nr.	UNINA9910705869303321
Autore	Harper David B.
Titolo	Signal-induced noise effects in a photon counting system for stratospheric ozone measurement // David B. Harper, Russell J. DeYoung
Pubbl/distr/stampa	Hampton, Virginia : , : National Aeronautics and Space Administration, Langley Research Center, , May 1998
Descrizione fisica	1 online resource (11 pages) : illustrations
Collana	NASA/TM ; ; 1998-207674
Soggetti	Ozone Atmospheric composition Differential absorption lidar Near fields Photomultiplier tubes Stratosphere
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"May 1998." "Performing organization: NASA Langley Research Center"--Report documentation page.
Nota di bibliografia	Includes bibliographical references (page 5).
