

1. Record Nr.	UNINA9910706187403321
Autore	Burken John J.
Titolo	Reconfigurable flight control designs with application to the X-33 vehicle // John J. Burken, Ping Lu and Zhenglu Wu
Pubbl/distr/stampa	Edwards, California : , : National Aeronautics and Space Administration, Dryden Flight Research Center, August 1999
Descrizione fisica	1 online resource (15 pages) : illustrations
Collana	NASA/TM ; ; 1999-206582
Soggetti	Control systems design MIMO (control systems) X-33 reusable launch vehicle Servomechanisms Proportional control Flight control Launch vehicle configurations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"August 1999." "Presented at AIAA Guidance Navigation and Control Conference, Portland, Oregon, August 9-11, 1999, AIAA-99-4134"--Report documentation page. "Performing organization: NASA Dryden Flight Research Center"--Report documentation page.
Nota di bibliografia	Includes bibliographical references (page 15).
