

1. Record Nr.	UNINA9910706265103321
Autore	Bui Trong T.
Titolo	Design and evaluation of a new boundary layer rake for flight testing / / Trong T. Bui and David L. Oates, Jose c. Gonzalez
Pubbl/distr/stampa	Edwards, California : , : National Aeronautics and Space Administration, Dryden Flight Reserch Center, , January 2000
Descrizione fisica	1 online resource (16 pages) : illustrations
Collana	NASA/TM ; ; 2000-209014
Soggetti	Boundary layers Pressure sensors Design analysis Structural design Flight test instruments
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"January 2000." "Performing organization: NASA Dryden Flight Research Center"-- Report documentation page.
Nota di bibliografia	Includes bibliographical references (page 16).
