

1. Record Nr.	UNINA9910706515403321
Autore	White Donald Edward <1914-2002, >
Titolo	Data of geochemistry . Chapter K Volcanic emanations // by Donald E. White and G.A. Waring
Pubbl/distr/stampa	Washington : , : United States Department of the Interior, Geological Survey, , 1963 Washington : , : United States Government Printing Office, , 1964
Edizione	[6th ed. /]
Descrizione fisica	1 online resource (v, K29 pages) : illustrations
Collana	Geological Survey professional paper ; ; 440-K
Soggetti	Geochemistry Volcanic gases Volcanic ash, tuff, etc Volcanism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed September 30, 2014). "Tabulation and discussion of about 300 chemical analyses of volcanic gases, volcanic sublimates, incrustations, and reaction products, and gases driven from igneous rocks by heating."
Nota di bibliografia	Includes bibliographical references (pages K11-K13) and index.
