Over the past 45 years, the mental health care system has been radically transformed, it's focus shifting from institutional care to a model of treatment located in community settings. Following the experience of the United Kingdom and of the United States, Quebec's mental health system is presently undergoing a similar transformation, transferring services from psychiatric hospitals to various neighbourhoods. This article examines the medical, legal and sociological aspects of this new organizational form. Key words : deinstitutionalization, medicine, psychiatry, mental illness, civil rights, sociology, action plan, psychiatric user, mental health services.

Desde los 45 ultimos anos, el sistema de servicios y cuidados en salud mental se transformo radicalmente pasando de instituciones como ser el manicomio a modelos de tratamiento en el seno de la sociedad. Es el caso de Quebec, de las provincias canadienses asi como de los Estados Unidos y de algunos paises del Oeste europeo. Este articulo trata entonces de los aspectos medicos, juridicos y sociologicos de la desinstitucionalizacion. Palabras clave : desinstitucionalizacion, medicina, psiquiatria, enfermedad mental, derecho, sociologia, plan de accion, usuario, servicios de salud mental.
