

1. Record Nr.	UNINA9910706525903321
Autore	Pettijohn F. J (Francis John), <1904-1999, >
Titolo	Data of geochemistry . Chapter S Chemical composition of sandstones excluding carbonate and volcanic sands // by F. J. Pettijohn
Pubbl/distr/stampa	Washington : , : United States Department of the Interior, Geological Survey, , 1963
Edizione	[6th ed. /]
Descrizione fisica	1 online resource (v, S21 pages) : illustrations
Collana	Geological Survey professional paper ; ; 440-S
Soggetti	Sandstone Volcanic ash, tuff, etc
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed September 30, 2014). "Representative analyses, minor-element content, and estimated averages are given for both major classes of sandstones and for sandstone as a whole."
Nota di bibliografia	Includes bibliographical references (pages S16-S19) and index.
