

1. Record Nr.	UNINA9910706777603321
Autore	Hollis Brian R (Brian Ray)
Titolo	Experimental investigation of Mars Science Laboratory entry vehicle aeroheating in AEDC hypervelocity tunnel 9 // Brian R. Hollis, Arnold S. Collier
Pubbl/distr/stampa	Hampton, Virginia : , : National Aeronautics and Space Administration, Langley Research Center, , September 2017
Descrizione fisica	1 online resource (xiii, 439 pages) : color illustrations
Collana	NASA/TP ; ; 2017-219658
Soggetti	Boundary layer flow Aerodynamic heating Atmospheric entry Computational fluid dynamics Hypervelocity wind tunnels
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"September 2017."
Nota di bibliografia	Includes bibliographical references (pages 12-15).
