

1. Record Nr.	UNINA9910707130103321
Autore	Lee H. M.
Titolo	Testing for random limit load versus static limit load / / H.M. Lee
Pubbl/distr/stampa	MSFC, Alabama : , : National Aeronautics and Space Administration, Marshall Space Flight Center, , September 1997
Descrizione fisica	1 online resource (v, 28 pages) : illustrations
Collana	NASA technical memorandum ; ; 108542
Soggetti	Structural design Stress distribution Stress analysis Static loads Loads (forces) Launching Environment effects Data acquisition
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed May 10, 2016). "September 1997." "Performing organization: George C. Marshall Space Flight Center, Marshall Space Flight Center, Alabama"--Report documentation page.
Nota di bibliografia	Includes bibliographical references (page 19).
