

1. Record Nr.	UNINA9910708123103321
Autore	Gardner Robert <1929->
Titolo	Science fair projects about the properties of matter / / Robert Gardner
Pubbl/distr/stampa	Berkeley Heights, NJ : , : Enslow Publishers, Inc., , [2010] ©2010
ISBN	1-4646-0194-1
Edizione	[Revised and expanded.]
Descrizione fisica	1 online resource (162 pages)
Collana	Physics Science Projects Using the Scientific Method
Altri autori (Persone)	GardnerRobert <1929->
Disciplina	507.8
Soggetti	Matter - Properties - Experiments Science projects Bibliographies.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Atoms, molecules, and matter -- Elastic properties of solids and liquids -- Density : a property of all matter -- Pressure, buoyancy, and Archimedes -- Expansion and contraction of matter.
Sommario/riassunto	"Explains how to use the scientific method to conduct several science experiments about the properties of matter. Includes ideas for science fair projects"--Provided by publisher.
