Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Jan. 11, 2016). "March 2012."
Nota di contenuto	Cancer statistics -- Accessing datasets & tools -- Publications.
Sommario/riassunto	Welcome to the Surveillance, Epidemiology and End Results (SEER) Program, a premier source for cancer statistics in the United States. Find out how SEER collects information on incidence, survival, and prevalence from specific geographic areas representing 26 percent of the US population and compiles reports on all of these plus cancer mortality for the entire US. This site is intended for anyone interested in US cancer statistics or cancer surveillance methods.
