Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Whilst the greatest effort has been made to ensure the quality of this text, due to the historical nature of this content, in some rare cases there may be minor issues with legibility. The Bureau of American Ethnology, to which I am especially indebted, not only for much information concerning Indian names, but for guidance, advice, and suggestions in obtaining sources of information. Indeed, most of the information concerning the meaning of Indian names is derived, either directly or indirectly, from this source.
