

1. Record Nr.	UNINA9910708658003321
Autore	Houghton James R.
Titolo	Component performance study : commercial power reactors // J.R. Houghton, H.G. Hamzehee
Pubbl/distr/stampa	Washington, DC : , : Division of Risk Analysis and Applications, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, , 2000
Descrizione fisica	1 online resource (4 volumes) : illustrations
Soggetti	Pumping machinery - Performance - Testing Nuclear power plants - Piping - Valves - Testing Nuclear reactors - Equipment and supplies - Testing Nuclear reactors - United States - Safety measures
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"NUREG-1715." "Date completed: March 2000; date published: April 2000"--Vol. 1. "Manucript completed: June 2000; date published: June 2000"--Vol. 2. "Manuscript completed: June 2001; date published: July 2001"--Vol. 3. "Manuscript completed: August 2001; September 2001"--Vol. 4.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	vol. 1. Motor-driven pumps, 1987-1998 -- vol. 2. Turbine-driven pumps, 1987-1999 -- vol. 3. Air-operated values, 1987-1998 -- vol. 4. Motor-operated valves, 1987-1998.
