Sommario/riassunto	"Large-Scale Combat Operations: The Division Fight is the first volume in The Art of Tactics series, which focuses on warfighting at the brigade through corps echelons. Intended for field grade officers who plan and execute ground combat operations, these chapters written by Department of Army Tactics (DTAC) faculty discuss the transition from stability to large-scale combat operations. They are intended to help the audience understand the division's fight against peer threats on an extended battlefield"--
