

1. Record Nr.	UNINA9910709618503321
Autore	Hinkley Todd K (Todd King)
Titolo	Chemistry of ash and leachates from the May 18, 1980 eruption of Mount St. Helens, Washington // Todd K. Hinkley [and three others]; with a section on Laboratory methods developed for Mount St. Helens water and leaching studies, by Stephen A. Wilson, and Carol Gent
Pubbl/distr/stampa	Washington : , : Department of the Interior, U.S. Geological Survey, , 1987
Descrizione fisica	1 online resource (vii, 64 pages) : illustrations, 2 maps
Collana	U.S. Geological Survey professional paper ; ; 1397
Soggetti	Volcanic ash, tuff, etc - Washington (State) - Composition Volcanic ash, tuff, etc - Composition Saint Helens, Mount (Wash.) Eruption, 1980 Washington (State) Washington (State) Mount Saint Helens
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Data and interpretation, from a large suite of well-documented samples from the explosive eruption."
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	A. Chemical and mineralogic aspects of observed fractionation of ash from the May 18, 1980 eruption of Mount St. Helens -- B. Leachate chemistry of ash from the May 18, 1980 eruption of Mount St. Helens.
