

1. Record Nr.	UNINA9910709874203321
Autore	Johnston Donald E.
Titolo	Design considerations of manipulator and feel system characteristics in roll tracking // Donald E. Johnston and Bimal L. Aponso
Pubbl/distr/stampa	Washington, D.C. : , : National Aeronautics and Space Administration, Scientific and Technical Information Division, , February 1988
Descrizione fisica	1 online resource (xi, 227) : illustrations
Collana	NASA/CR ; ; 4111
Soggetti	Control systems design Manipulators Man machine systems Design analysis Control sticks Rolling (Aerodynamics) Airplanes - Control systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"February 1988." "Systems Technology, Inc."
Nota di bibliografia	Includes bibliographical references (pages 93-94).
