Nota di contenuto	part I. A framework for rebalancing and recovery -- part II. Imbalances in major deficit economies -- part III. Imbalances in major surplus economies -- part IV. Rebalancing and growth.
Sommario/riassunto	This book examines imbalances in seven major economies: China, France, Germany, India, Japan, the United Kingdom, and the United States, evaluating key indicators agreed on by the G20 for identifying large imbalances, including public and private debt and private saving, and countries' external position. The chapters describe a suite of corrective steps tailored for each country that, if implemented, could improve prospective economic outcomes, creating sustainable and balanced growth for these economies. and serving as a model for other
