

1. Record Nr.	UNINA9910711566403321
Autore	Ko William L.
Titolo	Curvilinear displacement transfer functions for deformed shape predictions of curved structures using distributed surface strains // William L. Ko, and Van Tran Fleischer, Shun-Fat Lung
Pubbl/distr/stampa	Edwards, California : , : National Aeronautics and Space Administration, Armstrong Flight Research Center, , September 2018
Descrizione fisica	1 online resource (viii, 93 pages) : illustrations (some color)
Collana	NASA/TP ; ; 2018-219692
Soggetti	Stress concentration Displacement Structural design
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"September 2018."
Nota di bibliografia	Includes bibliographical references (pages 92-93).
