1.	Record Nr.	UNINA9910711659603321
	Autore	Glass Christopher E (Christopher Earl), <1955->
	Titolo	Numerically simulating an expanding continuum jet into a surrounding non-continuum region / / Christopher E. Glass
	Pubbl/distr/stampa	Hampton, Virginia : , : National Aeronautics and Space Administration, Langley Research Center, , October 2018
	Descrizione fisica	1 online resource (41 pages) : illustrations (mostly color)
	Collana	NASA/TP ; ; 2018-220095
	Soggetti	Monte Carlo method Jet flow Direct numerical simulation Free molecular flow Computational fluid dynamics
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	"October 2018."
	Nota di bibliografia	Includes bibliographical references (pages 28-30).
