Sommario/riassunto	'This volume offers a broad perspective on psychological processes in children with complex needs. Armed with this valuable tool, professionals, parents, and educators will be much better prepared to offer deaf and hard of hearing children the support and opportunities they deserve.' - from the Foreword by Marc Marschark. Psychological Processes in Deaf Children with Complex Needs is a concise and authoritative guide for professionals working with deaf children and their families. The effects of hearing impairments on learning, social development and family life can be profound. They can impa
