Sommario/riassunto	<p>Police detective John Davey once had everything--until bribery charges destroyed his career, his marriage, and his life. Now he's been given a second chance. Davey is pressured into joining an investigation into the baffling murder of a wealthy Chicago couple savagely murdered before their North Shore mansion was set ablaze. To the city, it's a scandal. To Davey, it's overkill. In the charred ruins, Davey finds clues to something more sinister than deadly premeditated arson: a criminal maze threading back through history, and a connection to billions of dollars in artwork that disappeared during the Holocaust. As more victims emerge, Davey begins to suspect the motives of those he is forced to trust, with betrayal layered on betrayal, until he has no one left to believe in but himself.</p>
