

1. Record Nr.	UNINA9910713922403321
Titolo	Problems with liquid nitrogen cooling components below the nil ductility temperature
Pubbl/distr/stampa	Washington, D.C. : , : United States Nuclear Regulatory Commission, Office of Inspection and Enforcement, , 1984
Descrizione fisica	1 online resource
Collana	Information notice ; ; no. 84-17
Soggetti	Nuclear power plants - Equipment and supplies - Ductility Nuclear power plants - Equipment and supplies - Cooling Liquid nitrogen
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"March 5, 1984."
