Sommario/riassunto	This concise yet comprehensive reference is the first of its kind and draws on the authors' personal teaching file of cases from the Adult Drug Court in California. The book offers unparalleled insight into the drug court system and the medical problems of drug court patients. It is the first book of its kind in the family medicine literature. The authors share their extensive knowledge of addiction and withdrawal, treatment of patients with dual diagnoses of mental illness and addiction, and treatment of drug-associated diseases such as tuberculosis, hepatitis, and HIV.
