Sommario/riassunto	The food and beverage industries today face an intensely competitive business environment. To the degree that the product developer and marketer - as well as general business manager - can more fully understand the consumer and target development and marketing efforts, their business will be more successful. Sensory and Consumer Research in Food Product Design and Development is the first book to present, from the business viewpoint, the critical issues faced by sensory analysts, product developers, and market researchers in the food and beverage arena. The book's un
