

1. Record Nr.	UNINA9910716616403321
Autore	Koblinsky Chester John
Titolo	The Future of spaceborne altimetry : oceans and climate change : a long-term strategy // prepared by the Future Altimetry Working Group ; editors, C.J. Koblinsky, P. Gaspar, G. Lagerloef
Pubbl/distr/stampa	Washington, D.C. : , : Future Altimetry Working Group, , March 1992
Descrizione fisica	1 online resource (x, 75 pages) : illustrations (some color), maps (some color)
Collana	NASA/TM ; ; 105087
Soggetti	Altimetry Climate change Meteorological satellites Altitudes - Measurement Climatic changes - Forecasting Ocean circulation - Measurement Ice sheets - Measurement Artificial satellites in remote sensing Altimeter
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"March 1992." "A Report Prepared by the Future Altimetry Working Group."
Nota di bibliografia	Includes bibliographical references (pages 55-60).
