Nota di bibliografia	Includes bibliographical references (pages 32-36).
Nota di contenuto	Introduction. -- Current insights. -- Multicountry statistical analysis. -- Tunisia (2010-2014). -- Egypt (2011-2013). -- Ukraine (2013-2014). -- Conclusion and recommendations.
Sommario/riassunto	Significant dialogue and negotiation processes have taken place in almost all democratic transitions, but these processes alone do not have a significant impact on future democracy. This report presents statistical analysis of all political transitions after nonviolent action campaigns and case studies of transitions in Egypt, Tunisia, and Ukraine to show the importance of inclusion--and in particular the participation of women--to ensure both successful dialogue and that the outcome of that dialogue is a stable democracy.
